

Department	Department Of Anaesthesiology					
Vision	To upgrade the department in terms of number of faculty and PG students.					
Mission	..					
Infrastruture and Facilities	Available					
Services	Academinc Teaching and Clinical Work					
Ongoing Research	Dexmedetomidine vs Dexamethasone with Bupivacaine in Supraclavicular Block : An Observational Study					
Publications	..					
Achievements	..					
Awards	..					
Faculty Details						
Sr.No.	Designation	Name	Photograph	Qualification	Total Teaching Experience	Publications in last one year (2024-25)
1	Professor & Head of the Department	Dr. Maruti Pawar		MD Anaesthesiology	22 Years	..
2	Associate Professor	Dr. Rupali Gorgile		MD Anaesthesiology	17 Years	..
3	Assistant Professor	Dr. Pallavee Ghabak		MD Anaesthesiology	1 Years, 6 Months	..
4	Senior Resident	Dr. Namrata Ekal		MD Anaesthesiology	5 Months	..
5	Senior Resident	Dr. Gulnaj Tamboli		MD Anaesthesiology	4 Months	1) Comparative study of ultrasound guided caudal block in paediatric age group with ropivacaine and bupivacaine. 2) Evaluating the effectiveness of ropivacaine versus bupivacaine for postoperative analgesia through caudal block in paediatric age groups.
6	Junior Resident - 1	Dr. Mana Jain (DNB Student)		MBBS	NIL	Dexmedetomidine vs Dexamethasone with Bupivacaine in Supraclavicular Block : An Observational Study (Ongoing Research)
7	Junior Resident - 1	Dr. Ashish Kavhale (Unregistered)		MBBS	NIL	..

Professor & HOD
Dept. of Anaesthesiology
Chhatrapati Sambhaji Maharaj Govt.
Medical College And Hospital, Satara
